📄 Introduction

Hello! I'm a Junior at George Washington High School in Santa Monica, CA, with a passion for art and computer programming. I love engaging in activities like soccer, cross-country, and exploring various music genres.

👤 About Me

At George Washington High School, my involvement with the Junior Varsity Soccer team has been both fulfilling and rewarding. I took on an active role, contributing significantly as a leader in assists during the last season. This experience has not only honed my teamwork skills but also instilled in me a strong sense of discipline and dedication.

Beyond the soccer field, I've discovered a passion for the arts. Utilizing GIMP, an Open Source paint program, I've delved into blending photographs and various imagery, culminating in a unique and distinct artistic style. This creative outlet has allowed me to express myself in ways that complement my analytical mindset cultivated through my academic pursuits.

💼 Professional Experience

For the past three years, I've been part of the team at McDonald's, working as a cashier and in food preparation, where I've earned merit awards for attendance and service. Additionally, during Christmas, I work at Price Chopper grocery store. I've also lent my skills to assist teachers with spreadsheet management and image creation.

🛠 Skills and Expertise

My proficiency extends across various technological realms, including mastering the suite of Microsoft Office applications. From Word to Excel and PowerPoint, I've honed my skills to navigate these tools efficiently, harnessing their capabilities for various tasks, from creating documents *and spreadsh*eets to designing captivating presentations.

Moreover, I am adept at utilizing email platforms not only for communication but also for organizing and managing information effectively. I understand the nuances of professional communication and the importance of maintaining clear and concise correspondence.

Sr No.	Experience Submitted On	Narrative	Total Credentials
1	May 28, 2024	Attended the Certification workshop for The United States Police Canine Association in Nunn, Colorado and received my PD 1 certification. It was a intense experience. I guided my canine in evidence location and recovery and suspect location and apprehension. I demonstrated that I could properly handle and support my canine in their discovery of hidden suspects. I maintained control of my canine during apprehension with and without gunfire. I did well.	1

COURSE EXPERIENCE   2024-05-28

Attended 5 hours of constitutional and community policing strategies and successfully completed my Police One Academy training on this subject. I was committed to expanding my knowledge in community policing. I attended and successfully completed my community policing course. I learned the definition of community policing and the core components to evaluate to determine the effectiveness of the philosophy in reducing crime and disorder. I learned the roles of law enforcement in community policing. I identified how to build and sustain productive partnerships with the community advocacy organizations. Examined the ben
